

Allergen Chart

Our restaurants contain nuts, peanuts, soy, egg, milk, wheat, fish, mustard, & sesame that are not individually packaged. Meals at all Chopped Leaf restaurants may come into contact with any or all of these allergens. We have chosen the term “gluten-friendly” as opposed to gluten-free because we cannot guarantee that cross-contamination with a gluten product in our restaurants will not occur. Although our dressings and soups are gluten-friendly, they are made in a facility that may come in contact with all allergens previously listed. If you are unsure of any products, please ask a staff member or contact info@choppedleaf.ca for more information.

MC - May Contain

We use the term “may contain” for our dressings and soups because they are made in a facility that contains nuts, peanuts, soy, egg, milk, wheat, fish, mustard, and sesame. Therefore, we cannot guarantee that cross-contamination with these allergens will not occur in our manufacturing facility.
